

PowerPusher®
If It Rolls... We Can Move It.™

Dumpster Mover PowerPusher®

From apartment and multifamily communities to campuses and public facilities, the PowerPusher Dumpster Mover™ allows a single operator to maneuver dumpsters and rolling containers weighing up to 6,000 lbs. with precision and control — reducing physical strain, improving productivity, and keeping properties running smoothly.

Designed for frequent, daily use, the Dumpster Mover provides a cleaner, more efficient alternative to manual pushing, trucks, or forklifts. Battery-powered and easy to operate, it delivers consistent performance indoors or outdoors with minimal training and maintenance.

Ideal For

Apartment & Multifamily Complexes | Campuses & Universities | Retail Centers
Facilities & Grounds Teams | Municipal & Public Works | Property Management

Why PowerPusher?

Boost Productivity

Move heavy dumpsters with one operator instead of a crew

Built to Last

Industrial-grade construction designed for daily property use

All-Day Power

Battery-driven with on-board opportunity charging

Positive Lock

AutoLatch™ system secures dumpsters without pins or tools

Proven ROI

Lower labor costs and faster waste handling operations
